Economic Development - Brody with Michelle Richards company has continued to work. The web platform is close to ready. The photographer is coming on Friday August 25 and will be photographing various areas within town. Arien has been working with him to coordinate scheduling with the Multiplex, Wellness Centre, Baseball diamonds/ soccer, Curling Club, Arena, Pool, playgrounds etc. Brody has also been working on a submission for the Housing Accelerator Fund grant. The deadline was to have been Friday, August 18 but this was recently extended.

Assisted Living – the board of the Red River Supportive Housing met to review some schematics of potential sites. We will be discussion this more in camera at the meeting on Thursday.

I attended the Frog Follies on August 13. It was a pleasant afternoon with some good conversation.

Riverview Golf Board Report: The condition of the course continues to improve however a return to pre flood status is not likely to occur before late 2024 or early 2025.

A presentation by Kevin O'Donovan from (NGCOA), Nat. Golf Course Owners Assn. of Canada was well received in early Aug. He indicated ways the course could purchase supplies better and ways to streamline operations.

A closing date for the restaurant was set to occur at the completion of the Sept. long weekend. The date for the golf course is to be determined by weather conditions and the ability to staff. It will function on reduced hours as of Sept.

We will be losing our club manager, Alesse, after this year and a search for a replacement will start shortly.
